Form 4 – Parent Statement of Understanding

The following information is important for the safety and protection of your child. Please read the information, sign this form, and return it to the YMCA. A copy will be filed with your child's records.

I understand that YMCA staff and volunteers are not allowed to baby-sit or transport children at any time outside the YMCA program. Immediate disciplinary action will be taken by the YMCA toward staff and volunteers if a violation is discovered.

I understand that I am not to leave my young child or children* at the YMCA or a program site unless a YMCA staff or volunteer is there to receive and supervise my child.

*Note: Most YMCA's have a policy that define the specific age.

I understand that children should not receive excessive gifts (e.g., TV, video games, jewelry) from YMCA staff or volunteers, and that I should report this to a supervisor if they do.

I understand that my child will not be allowed to leave the program with an unauthorized person. Any person authorized to pick up my child including older siblings or relatives must be listed with the YMCA and of the age required by this YMCA. Any other arrangements must be made by calling the YMCA office to inform them of a change.

I understand that should a person arrive to pick up my child who appears to be under the influence of drugs or alcohol, for the child's safety, staff may have no recourse but to contact the police. Please do not put staff in a position where they have to make this judgment call.

I understand that I can help ensure my child's safety by taking an active interest in his or her YMCA experience. I too will monitor volunteer and staff interactions with my child and ask my child specific questions about program actives and volunteer or staff relationships with my child.

I understand that the YMCA is mandated by state law to report any suspected cases of child abuse or neglect to the appropriate authorities for investigation.

*Note: It may be appropriate for the YMCA to insert fees or other policy statements that need emphasis at this point.

I have received a copy of the YMCA Youth Program Handbook and Parent Policies and Procedures and will keep it for future reference.

Discipline/Guidance Policy

It is very important a child's development is nurtured through caring, patience, and understanding. However, while caring for your children, we may have to respond to your child's misbehavior. Hitting, kicking, spitting, hostile verbal behavior and other behaviors which will hurt another child or teachers are not permitted.

In response to these behaviors we will not use:

- threats or bribes
- physical punishment, even if requested by the parent
- deprive your child of food or other basic needs
- utilize food as a reward
- humiliation or isolation
- The word bad or while redirecting ex. "you are making bad choices." We will use "you are making poor or sad choices."

In response to misbehavior we will:

- respect your child
- establish clear rules
- be consistent in enforcing rules
- use positive language to explain desired behavior
- speak calmly while bending down to your child's eye level
- give clear choices
- redirect your child to a new activity
- for children ages 2 years and up, move your child to a time-out area for no longer than one minute per year of your child's age, if necessary

If a child's behavior is very disruptive or harmful to himself or others, a confidential meeting will be scheduled with the parent's. The meeting will result in a behavior modification plan. If the situation can be resolved, the child may remain enrolled. If we are unable to resolve the issue, you may be asked to make other child care arrangements or referred to an outside agency for professional assistance.

As a parent, you may have some concerns or wish to offer suggestions. Parents are more than welcome to make suggestions (in writing) and we will be happy to attempt to implement the suggestions as long as they are within the guidelines of this policy and do not required more than reasonable amount of one on one time.

Note: Our program serves children of all abilities, ages 6-weeks to Kindergarten, discipline/guidance techniques will be modified as needed using developmentally appropriate communications according to each child's needs/ability.
